The impact of the pandemic

The impact of the pandemic on travel continues to be significant. The return of passengers travelling in and out of Jersey has happened more quickly than our highest projections, well-ahead of other UK airports. This reflects the strength of the Island's demand to travel and the popularity of Jersey as a safe holiday destination.

This is good news for Jersey but brings significant challenges for Ports of Jersey and our business partners in re-establishing previous operational levels at speed.

The information in these reports will continue to reflect just how fluid the situation continues to be, and it will take some time before a new set of 'norms' begin to become clear.
