

Notice to Mariners № 18 of 2020

Jersey South Coast – St Brelade’s Bay Chart BA 1137

St Brelade’s Bay Special Mark Buoys – 5 knots speed limits

Mariners are advised that, in accordance with Harbour Master’s General Direction No 1, a series of five special mark yellow buoys have been laid, in the approximate positions as shown in the chartlet below, in a line between Les Jeteuse Point and La Cotte Point. Each large buoy is marked with 5 knots speed limit.

This speed limit comes into force from Friday 12th June 2020 until Monday 14th September 2020. Vessels operating north and east of this line of buoys must observe the 5 knot speed limit. Failure to do so is a breach of Harbour Master’s General Direction No.1.

The above chartlet, which is published with the agreement of the UKHO and is NOT to be used for navigation, shows the approximate positions of the buoys and the area to which the 5 knot speed limit will apply.

Captain Bill Sadler
Harbour Master, Jersey Harbours
