

Notice to Mariners № 07 of 2024

Waters to the South West of Jersey's Territorial waters

Chart number BA 2669

The following is a reproduction of the order of the [Préfecture Maritime de l'Atlantique N°2024/030](#)

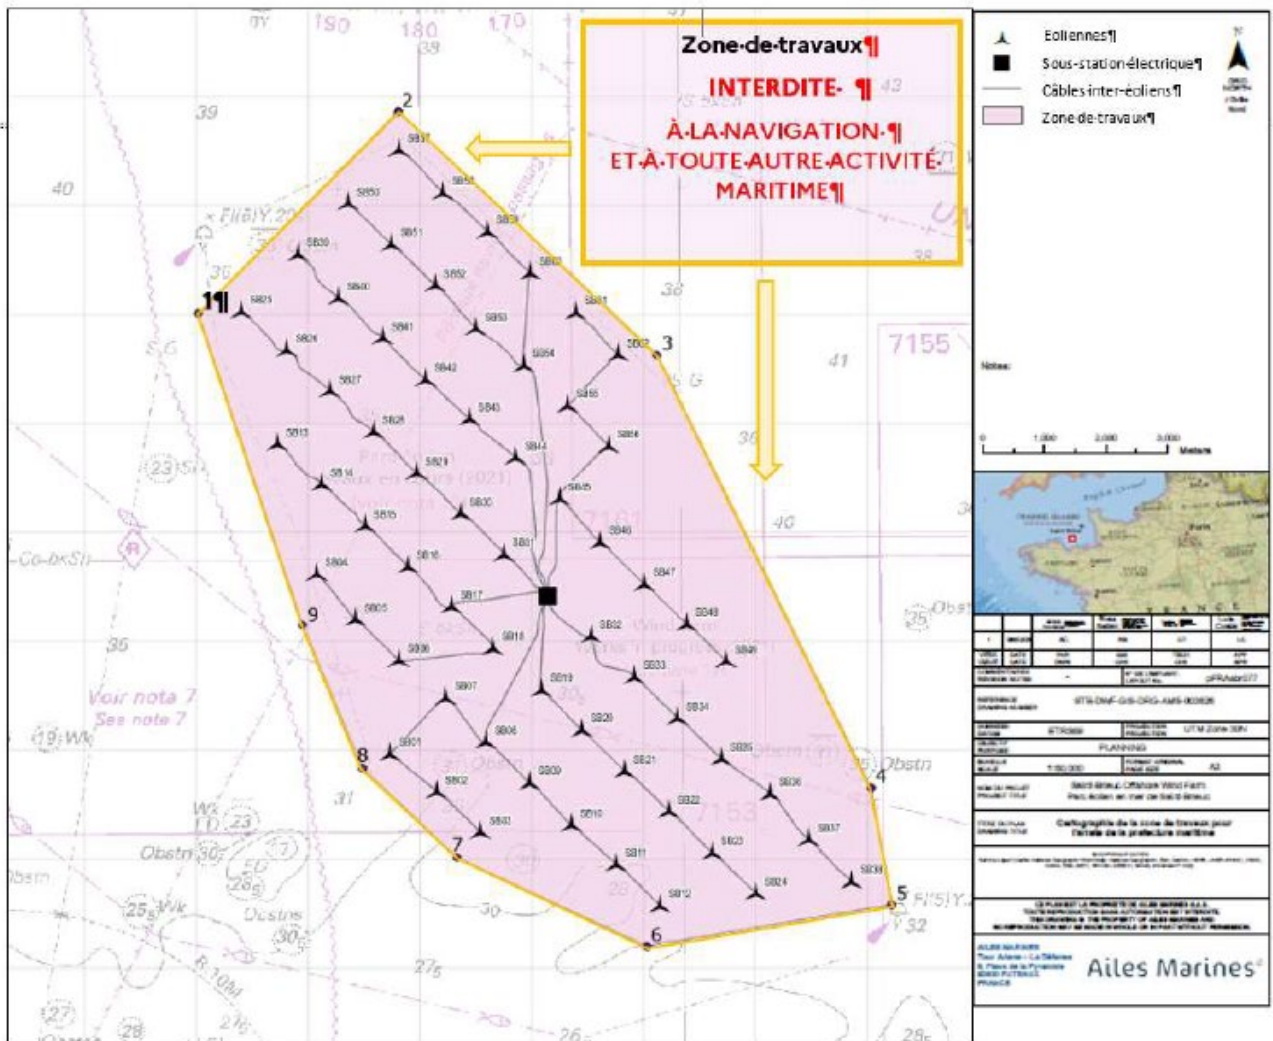

Offshore wind farm

Mariners are advised that the St Brieuc windfarm located in French territorial waters approximately 20 nautical miles to the South West of Jersey is now in the commissioning phase, following three years of construction.

Restrictions in the work area are as follows

- Navigation through the work area is not permitted
- Anchorage in the work area is not permitted
- All underwater activities are prohibited
- All fishing activities are prohibited
- Vessels must remain more than 500 meters from any construction vessels in the restricted area.
