

Notice to Mariners № 15 of 2020

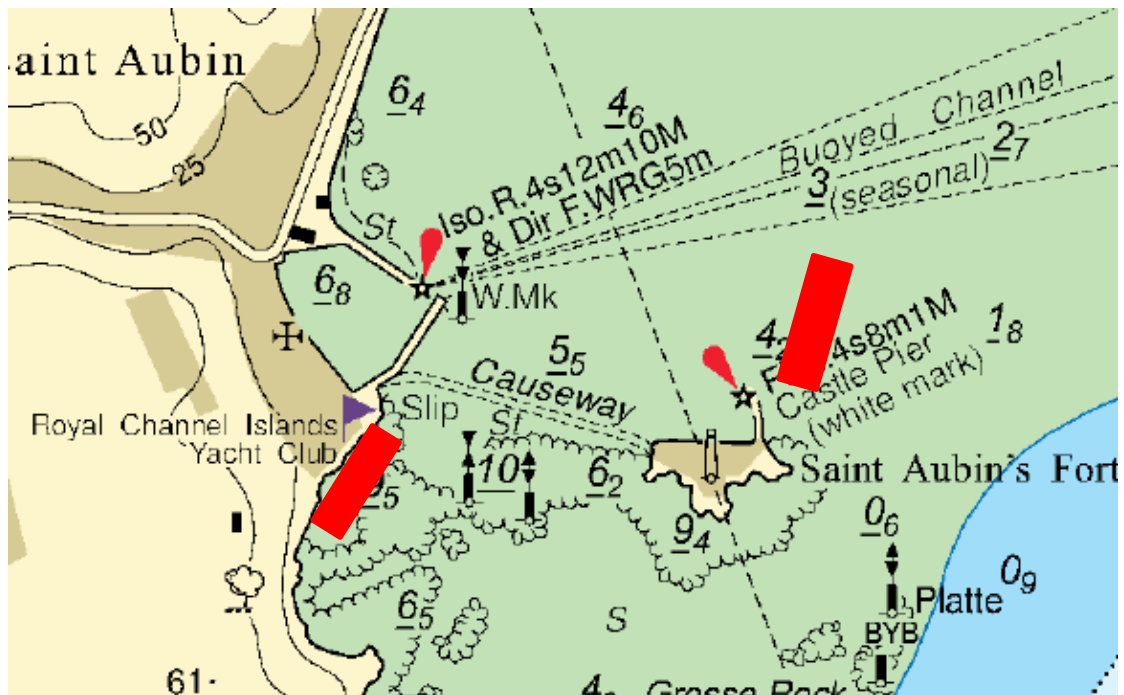

Jersey South Coast – BA Charts 1137

Dredging of St Aubin's Harbour Mouth.

Mariners are advised that dredging operations will begin at the entrance to St Aubin's Harbour from Thursday 4th June 2020.

A digger will be used, and spoil will be dumped in the two areas shown on the accompanying chartlet, marked in red.

There is no risk to navigation as all operations will take place at low water, however mariners should take care to avoid the spoil areas until enough tides have restored the areas to charted depth.

This notice self-cancels at midnight on Saturday 6th June 2020

Captain William Sadler
Harbour Master, Jersey Harbours
