

Notice to Mariners Nº 17 of 2026

Reduced depths in St Helier Harbour

Mariners are advised that reduced depths have been identified within St Helier Harbour. The following limiting depths apply below chart datum (CD):

Location	Below Chart Datum (m)
Elizabeth Harbour, turning basin, outside La Collette and the Pier Heads	1.8m
Elizabeth West Berth	5.1m
La Collette Tanker Berth	4.3m
New North Quay	4.4m
Victoria Pier – East Cross	1.8m

Link to latest hydrographic surveys - [Reports and documents on ports.je](https://ports.je/reports-and-documents)

Masters and persons in charge of vessels should take these depths into account when passage planning and ensure that an appropriate under-keel clearance is maintained.

Captain Bill Sadler
Harbour Master, Jersey Harbours
