

Notice to Mariners № 18 of 2023

Waters to the South West of Jersey's Territorial waters

Chart number BA 2669

The following is a reproduction of the order of the [Préfecture Maritime de l'Atlantique N°2023/028](#)

Offshore wind farm

Mariners are advised that a wind farm has been under construction since 3 May 2021 in French territorial waters approximately 20 nautical miles to the South West of Jersey's South West Coast.

Restrictions in the work area are as follows

- Navigation through the work area is not permitted
- Anchorage in the work area is not permitted
- All underwater activities are prohibited
- All fishing activities are prohibited
- Vessels must remain more than 500 meters from any construction vessels in the restricted area.

Captain William Sadler
Harbour Master, Jersey Harbours
