

Punctuality of sailings Within scheduled time

Percentage based on sailings that took place

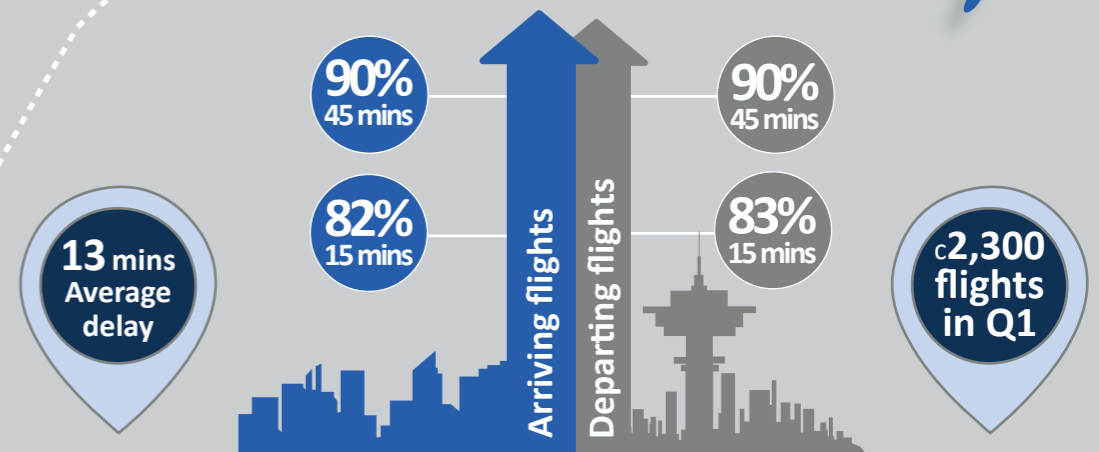

Jersey as a destination airport

Jersey is classed as a 'destination airport' - i.e. no airlines are based here meaning flights do not originate from the Island. This means if a flight schedule is affected prior to arriving in the Island it will impact on the flight schedule time and could cause a delay on the Jersey departure.

When an aircraft lands in Jersey, the airline and its ground handling agent, supported by Ports of Jersey, work hard to turn the flight around as quickly as possible.
