Safety Bulletin 09 of 2016

Slipway Safety

Following a recent incident at La Collette Slipway, slipway users are reminded that when reversing on a slipway with a trailer a banksman should be used, this is a requirement of the Safety in Docks and Outlying Harbours Code of Practice Paragraph 16 ([COP](#))

Further information regarding good practice on launching and recovering boats from slipways is available from the RYA ([RYA Good Practice](#)). Survey operations will be scheduled around shipping movements.
